Authorization for this examiner's amendment was given in a telephone interview with Joseph J. Grass (reg. no. 19,768) on November 1, 2006.

The application has been amended as follows:

Additionally, the changes to claims 2, 5, 6, 24-26, and 28 were made to correct various minor informalities.

IN THE TITLE:

Please note the title of the invention has been changed by the Examiner to the following to more accurately reflect the claimed invention:

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Art Unit: 2854

The prior art of record fails to teach or fairly suggest a method or apparatus as recited, in combination with and particularly including, having a stripper element positioned such that it functions to both cut at least one groove in the outer surface of the roll and to facilitate stripping of a web from the roll.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
